FROM DEAN'S DESK

Dear Readers,

It is my privilege to share with you the remarkable achievements and milestones of our School of Computer Science and Engineering (SCOPE) during the period of December 2025 to May 2026. As I reflect on the past semester, our unwavering commitment to excellence in teaching, research, and innovation continues to yield impressive outcomes, and I am immensely proud to highlight some of these accomplishments.

I am delighted to recognize the exceptional research contributions of our faculty and scholars. During this period, our research output has been stellar, reaching a peak of 71 publications in December 2025 alone, with faculty achieving publications bearing Impact Factors as high as 12.1. In the vital area of intellectual property, our school has demonstrated a strong focus on applied innovation, successfully securing 24 granted patents and publishing an additional 10. These innovations span critical domains such as automated image caption generation, IoT-enabled healthcare systems, and intelligent estrus detection. Furthermore, we celebrate the successful Ph.D. completion of 15 research scholars, marking a significant milestone in their academic journeys as they address complex, real-world problems.

Our academic community has been incredibly vibrant and active, organizing an astounding 69 events over the semester. These initiatives, encompassing Executive Development Programs, Faculty Development Programs, and international seminars, cover cutting-edge topics from Generative AI and Quantum Machine Learning to IoT systems and cybersecurity. This robust schedule plays a pivotal role in fostering knowledge-sharing and ensuring our students and faculty remain at the absolute forefront of technological advancement.

In the realm of outstanding student achievements, our students have distinguished themselves across highly competitive national platforms. I extend my warmest congratulations to Team StrawHats for securing first place at IIT Tirupati's IdeaSprint. I also commend Team FakeyAI for their first-place victory in Round 2 of the Sprint4Good AI Hackathon at IIT Delhi, and Team Technical Mavde for their phenomenal first-place finish at the Smart India Hackathon 2025. Our students' expertise in cybersecurity was brilliantly showcased by the team winning the Breach Point National Level CTF, while their entrepreneurial excellence was demonstrated by a first-place victory at the National V-LaunchPad 2026. Additionally, it is a point of immense pride that our student Vaibhav Manihar was selected to attend the global 1 Billion Followers Summit in Dubai under the Google Gemini program.

As we celebrate these extensive accomplishments, I want to express my deepest gratitude to every member of our community students, faculty, staff, and supporters for their hard work and dedication. As I often emphasize, you must have a strong spirit if you want to be a successful person. It is this spirit and enthusiasm that opens opportunities and gives us the strength to rise from any failure and move forward. Together, we continue to build an environment that nurtures innovation, fosters collaboration, and prepares future leaders. Thank you for your continued commitment to excellence. Let us strive to achieve even greater heights in the coming months.

STUDENT ACHIEVEMENTS

Our student team, Team StrawHats, brought laurels to the institution by securing 1st place at IdeaSprint, a prestigious competition held during the E-Summit at IIT Tirupati on January 31, 2026. Competing against talented teams from across the nation, they demonstrated exceptional innovation, creativity, and entrepreneurial vision, winning the top honor along with a cash prize of ₹25,000.

Kalpesh (Team Lead) - 24BCE7255
Nithish (Member 1) - 24BCE7321
Shruthilaya (Member 2) - 24BCD7015

TA team of our students brought laurels to the University by securing Second Place at TECHEMBED, a national-level, industry-driven 24-hour hackathon conducted as part of Research Conclave 2026, held on January 23–24, 2026, and organized by the Siddhartha Academy of Higher Education, Vijayawada. Out of 100+ initial entries, only the top 35 teams were shortlisted for the final round. Demonstrating exceptional innovation, technical expertise, teamwork, and perseverance, the team secured 2nd place, winning a cash prize of ₹15,000 along with merit certificates.

Team Members:

- Manikaran (24BEV7006)
- Karthik (24BEC7127)
- Rahul (24BEV7104)
- Srujan (24BEC7102)

STUDENT ACHIEVEMENTS

Our students achieved remarkable success at Round 2 of the Sprint4Good AI Hackathon, a national-level event hosted by thingQbator in partnership with IIT Delhi, held at the IIT Delhi campus. Among 250 selected participants from across the country, Team FakeyAI (VIT-AP) secured 1st place and was awarded Amazon vouchers worth ₹50,000.

Winning Team – FakeyAI (VIT-AP):

- Nathan James (24BCD7150)
- Jivitesh Reddy (24BCB7265)
- Adhidev Jayaraj (24MIS7207)
- Cavan J Paul (24BCA7212)

Our students Swarnim Bandekar and Vikhyat Shajee Nambiar secured 1st Place in the Breach Point National Level CTF, organized by the Cybersecurity Department of Malla Reddy University, Hyderabad, in collaboration with the National Cyber Security Research Council (NCSRC). Competing against participants nationwide, they demonstrated exceptional cybersecurity and technical problem-solving skills, winning prizes worth ₹2.5 lakh.

STUDENT ACHIEVEMENTS

We are delighted to share that Mr. Vaibhav Manihar (23BCB7163), a student of the SCOPE School, VIT-AP University, was selected and fully sponsored by Google to attend the 1 Billion Summit held in Dubai from January 9–11, 2026. Ranked among the Top 10 nationally out of approximately 9,000 participants in the Google Gemini Student Program, he participated in discussions on technology, the global economy, and digital content ecosystems alongside global industry leaders, startups, and creators in AI, marketing, and emerging technologies.

Our students who won the Second place at TECHEMBED, a national-level, industry-driven 24-hour hackathon conducted as part of the Research Conclave 2026, held on January 23–24, 2026, organized by the Siddhartha Academy of Higher Education, Vijayawada. Many congratulations on this well-deserved achievement! May it inspire many more milestones ahead!

STUDENT ACHIEVEMENTS

Karthikeyan L secured 2nd place and won a cash prize of ₹5000 at AIGNITE 2.0, held at Siddhartha College of Arts and Science, Vijayawada, on 30/01/2026.

Mr. Ankit Sharma (22BCE8176) achieved the highest package of 96.26 LPA, securing placement at LinkedIn

STUDENT ACHIEVEMENTS

The student team with Dhani and Shivansh Shukla secured the Consolation Prize at V-LaunchPad 2026, receiving a cash award of Rs. 10,000. This achievement highlights the team's innovation and entrepreneurial spirit at the platform.

The student team with Chaitanya Vaibhav Katuri, Ram Charan Krishna Manipati, and Bhavyasri Tata secured 1st Place in the National V-LaunchPad 2026, held on 18th April 2026, receiving a cash award of Rs. 1,00,000. This achievement highlights the team's innovation, entrepreneurial skills, and excellence at a national-level platform.

STUDENT ACHIEVEMENTS

The student team with Prasanna Pal (Team – Technical Mavde) secured 1st Place at the Smart India Hackathon 2025, held in Hyderabad on 9th December 2025, receiving a cash award of Rs. 1,50,000. This achievement highlights the team's technical excellence, innovation, and problem-solving skills at a national-level hackathon.

AI Hackathon was conducted by Supervity and PythonGuru at Vignan University on 3rd and 4th January 2026. Abdul Mannaan (22BCE7085) secured the 1st prize and won a cash award of ₹25,000.

STUDENT ACHIEVEMENTS

Debansu Mitra (22BCE8229) achieved 1st Place at SRM INFINITUS' 26 – VALORANT, held from 26th February 2026 to 28th February 2026, securing a cash prize of Rs. 20,000. This achievement highlights the student's excellence in competitive gaming and brings recognition to the university at a prestigious inter-collegiate platform.

Mr.Maddigunta Hari Tejonath and Ms.Sumanth Atluri secured 2nd place and won a cash prize of Rs. 1000 in Filmathon, a 28-hour short film making contest by SRM AP University on 28/02/2026.

STUDENT ACHIEVEMENTS

Joash Biji Varghese, Adithya G., Pranjal Negi, and Lakkam Ram Chaitanya emerged as winners of the Netrik National Hackathon conducted by IIITDM Kurnool from February 28 to March 1, 2026, securing a cash prize of Rs. 50,000.

Vaibhav Manihar, Abhinav Gupta, and Balaji Balu secured 1st place in the Mindworks Ideathon.

STUDENT ACHIEVEMENTS

Sangam Bhuvan Reddy (24MIS7234), B. Hima Chandana (24MIS7234),S. Shafin (24BCE7074), and D. Hasini (24BCE8147) secured 1st prize in the Energy Conservation Week Hackathon 2026, a 24-hour event held on March 11th–12th, 2026, organized by SENSE & Null Chapter, VIT-AP.

Devarakonda Ashish secured 4th Place in the Freshers Merit Awards 2026, held on 20 May 2026, earning a ₹1,000 cash award in recognition of his academic excellence and outstanding performance.

Mr. Achyut Badyul (22BCE7776) secured a package of 80 LPA with placement at Balkan ID.

STUDENT ACHIEVEMENTS

Palavalasa Syam Charan Krishna received the 100% Attendance Reward on 20 May 2026, earning a ₹2,500 cash award in recognition of his commitment, discipline, and consistent academic participation.

Ph.D. Awarded

RESEARCH SCHOLARS AND GUIDES

Ms. Addanki Sathyavani [21PHD7028]
Ph.D entitled "A Study on Automated Retinal Vasculature Analysis forEarly Diagnosis of Diabetic Retinopathy and Cardiovascular Risk Prediction Using Optimized Deep Learning Methods"

Guided By
Dr. Sumathi D

Mr. Arun Kumar R[20PHD7002]
Ph.D entitled "A Comparative Study of Yogic Posture Classification using Machine learning Models"

Guided By
Dr.Sibi Chakkaravarthy S

GOKAPAY DILIP KUMAR[22PHD7117]
Ph.D entitled"Study on Optimization-Driven Deep Learning Frameworks for A Study of Optimization Driven Deep Learning Frameworks for Accurate Brain tumor Detection and Classification using MRI"

Guided By
Dr.Sachi Nandan Mohanty

Dimmiti Srinivasarao[21PHD7126]
Ph.D entitled "Accurate Brain Tumor Detection and Classification using MRI"

Guided By
Dr.Ajith Jublison

Mr. Samparthi V S Kumar[21PHD7024]
Ph.D entitled "Enhancing the Performance of Deep Learning Models and Analyzing their Trustworthiness for Automatic Bird Species Classification from Images"

Guided By
Dr.Hari Kishan Kondaveeti

Ph.D. Awarded

RESEARCH SCHOLARS AND GUIDES

T.ANITHAKUMARI [21PHD7148]

Ph.D entitled "Development of AI Approaches for Drift Detection on IoT Data Streams"

Guided By
Dr. Sanket Mishra

Mr Sankararao Yenumala[22PHD7088]

Ph.D entitled "A Unified Deep Learning Framework for MRI-Based Brain Tumor Segmentation and Classification with Optimized Feature Fusion and Transfer Learning"

Guided By
Dr. Syed Khasim

Mrs. Mamatha Maddu [22PHD7103]

Ph.D entitled "A Deep Learning-Based Intrusion Detection and Mitigation Framework for SDN and SDN-IIoT Networks"

Guided By
Dr. Yamarthi Narashima Rao

Mr. Choppara Prashanth [22PHD7109]

Ph.D entitled "An Agent Based Deep Reinforcement Learning for Task Scheduling in Fog Computing"

Guided By
Dr. Lokesh Bommareddy

Mr. Bhanu Pratap Reddy Bhavanam [22PHD7061]

Ph.D entitled "An Estimation of LoRa Link Performance in Opencast Mine Scenarios using Path-loss Models and Machine Learning Approaches"

Guided By
Dr.Prasanth Rajam

Ph.D. Awarded

RESEARCH SCHOLARS AND GUIDES

Mallu Shiva Rama Krishna [22PHD7084]

Ph.D entitled "A Fault Tolerant Adaptive Task Scheduling in Cloud Computing using Deep Reinforcement Learning Algorithms"

Guided By **Dr. Khasim Vali**

Ms Shaik Shabana [22PHD7080]

Ph.D entitled "A Hybrid Multimodal Framework for Enhanced Depression Detection: Integrating Text, Audio and Visual Cues with Deep Learning"

Guided By **Dr. Bharathi V C**

[Ms. Sunkara Mounika [22PHD7019]

Ph.D entitled "A Multi-model deep learning framework with advanced attention mechanisms for epileptic seizure detection and prediction"

Guided By **Dr. Reeja S R**

Mr Ravi Kumar Munaganuri [22PHD7123]

Ph.D entitled "An Automated Model for Crop Water Requirement Prediction and Suitable Crop Recommendation in Agriculture"

Guided By **Dr. Yamarthi Narashima Rao**

Ms. Kota Srilakshmi [22PHD7025]

Ph.D entitled "A Deep Learning Approaches for Early Prediction, Risk Assessment, and Classification in Myelodysplastic Syndromes"

Guided By **Dr. Venkata Lakshmi Dasari**

Ph.D. Awarded

RESEARCH SCHOLARS AND GUIDES

Mr. Aravind Nalamothu [22PHD7148]
Ph.D entitled "A Palmprint Recognition using ConvNeXt and BiConvLSTM Hybrid Architecture with IBDA and ISHO based Feature Optimization"

Guided By
Dr. Eswaraiah Rayachoti

Mr. Saibabu Veesam [22PHD7083]
Ph.D entitled "An integrated deep learning architecture for real time action recognition and adaptive crime scene video summarizations"

Guided By
Dr. Aravapalli Rama Satish

K.RAJA SRAVAN KUMAR[20PHD7006]
Ph.D entitled "Cooperative energy transfer framework with hybrid optimization for next generation IoT applications"

Guided By
Dr. Gopikrishnan S

MEGHAVATHU S. S. NAYAK [21PHD7128]
Ph.D entitled "An Effective Heart Disease Prediction using Machine Learning and Deep Learning Techniques"

Guided By
Dr. Hussian Syed

Ms. PATAN MUSHIYA KATOON [23PHD7103]
Ph.D entitled "A Blockchain interoperability framework for secure and decentralized electronic health record data sharing"

Guided By
Dr. Anil Vithalrao Turukmane
